

Objective:

Dedicated web developer with advanced skills in frontend and backend technologies, including HTML, CSS, JavaScript, React, ASP.NET, PHP, and Node.js. Proven track record of delivering clean, efficient code and optimizing user experiences. Seeking a dynamic role to apply technical expertise in a collaborative team environment. Committed to contributing to the success of projects through innovative problem-solving and a strong commitment to quality.

Highlights:

- Frontend Development Expertise:** Proficient in HTML, CSS, and JavaScript with a keen eye for UX design, ensuring engaging and user-friendly web interfaces.
- Backend Proficiency:** Experienced in backend technologies, including .NET C#, PHP, Node.js, Express, SQL, and MongoDB, enabling the creation of robust and scalable web applications.
- Development Tools:** Skilled in various development tools such as Visual Studio Code, Visual Studio, SSMS, Visual Paradigm, Kafka, Kibana, Jira, Canva, and WordPress, enhancing the efficiency and quality of software development.
- Communication and Interpersonal Skills:** Strong communication and interpersonal skills gained through roles as a web developer and application engineer, facilitating effective teamwork and client interaction.
- Problem-Solving and Time Management:** Demonstrated effectiveness in problem-solving and time management, ensuring the successful execution of projects and tasks.
- Attention to Detail:** Known for meticulous attention to detail and accuracy, resulting in high-quality deliverables and an enhanced user experience.
- Collaborative Team Player:** Proven ability to work collaboratively with diverse teams, as seen in experiences in team work in my college internship project.

Related Work Experience:

❖ Web Developer

Dec 2019 – Feb 2022

Company Name: Netsol IT Solution, India
Language and Tools: PHP, ASP.NET, Node.js, Laravel, CSS, HTML5, JavaScript, React, Material UI, GitHub, C#, SQL, MongoDB, WordPress, Jira

- Developed websites utilizing PHP, ASP.NET, Node.js, Express, Laravel, HTML, CSS, and JavaScript languages.
- Implemented web solutions employing Visual Studio and ASP.NET MVC layouts to ensure efficient functionality.
- Crafted visually appealing, user-friendly designs and streamlined code to enhance website performance and user engagement.
- Engineered highly responsive, scalable web applications tailored to various industries and client specifications.
- Conducted thorough testing and validation protocols, optimizing application functionality and performance.
- Managed both new development and updates across multiple programming languages.
- Oversaw the complete lifecycle of applications, from initial design to debugging and full-scale production.
- Addressed client feedback to identify and resolve issues, ensuring optimal functionality and user satisfaction.
- Specialized in building SaaS e-commerce websites, booking systems, and product-based applications.
- Proficient in developing Restful APIs and adept at resolving complex problems to enhance application performance and functionality.

❖ Application Engineer

Jan 2019 – Oct 2019

Company Name: Netsol IT Solution, India
Language and Tools: ASP.NET, MSSQL Server, Postman, Kibana, Jira, Kafka, Azure, Docker, Storm UI

- Played a pivotal role in Customer Satisfaction and Support (CSAT), ensuring seamless assistance post-deployment.

- Leveraged technologies like Postman API, Docker Commands, Kibana, Strom UI, Kafka, and Azure Portal to facilitate customer support and satisfaction.
- Conducted in-depth analysis of user needs and workflows, crafting intuitive interfaces for enhanced usability.
- Identified and rectified software design flaws during both development phases and post-installation to ensure optimal performance.
- Spearheaded software system testing and validation procedures, overseeing programming tasks and documentation for quality assurance.
- Developed moderately complex code aligned with precise business requirements and user stories.

❖ Project Trainee

Jul 2017 - Dec 2017

Company Name: Infusion Infotech, India
Language and Tools: ASP.NET, MSSQL Server, CSS, HTML, JavaScript, GitHub

- Developed and maintained robust and scalable web applications using the ASP.NET, C#, JavaScript, jQuery, and Ajax.
- Responsible for responsive and adaptive design, and accessibility of web pages.
- Assisted in creating a customized WordPress theme using front-end web technologies for the Website.
- Implemented and maintained content management systems, including installation, configuration, Troubleshooting, and creating custom plugins and content types.
- Fixed bugs from existing websites and implemented enhancements that significantly to client projects.
- Modify existing code needed and themes
- Responsible for adaptive design, and accessibility of web page.
- Manually tested sites in various browsers and mobile devices to ensure cross-browser compatibility and responsiveness.

❖ Project Trainee

Apr 2017 - Jun 2017

Company Name: Eastern Techno Solutions, India
Language and Tools: PHP, jQuery, CSS, HTML, JavaScript, MySQL, Ajax, Bootstrap

- Worked on a project ‘SuratCricUps’; It's a sport management project exclusively for the game of cricket.
- In my project, I took charge of a system with three parts: Admin, Organizer, and Player. As the Admin, I managed live cricket scores. Being an Organizer, I helped pick players to make teams based on their profiles. I also let players create and handle their profiles, making it easy for organizers and players to communicate smoothly.
- Tested sites in various browsers and devices to ensure cross-browser compatibility and mobile responsiveness.
- Written modern, performant, maintainable code for the project.

Education:

Post Graduate Certificate in Computer Applications Development Conestoga College, Waterloo, ON, Canada	Academic Year: May 2023 – Dec 2023
Post Graduate Certificate in Big Data Solution Architecture Conestoga College, Kitchener, ON, Canada	Academic Year: May 2022 – Dec 2022
Master of Science in Information Technology J.P.Dawer Institute of Information Science and Technology (VNSGU), Surat, Gujarat, India	Academic Year: 2017 – 2019
Bachelor of Science in Information Technology J.P.Dawer Institute of Information Science and Technology (VNSGU), Surat, Gujarat, India	Academic Year: 2014 – 2017
